HOW-TO-SELL GUIDE:
THINKPAD A SERIES POSITIONING

JUNE 2018

ThinkPad

Lenovo

LENOVO SELLERS, YOU HAVE A SIGNIFICANT OPPORTUNITY AHEAD OF YOU.

WHY LENOVO WINS

SELL MORE
products with our expansive, innovative portfolio.

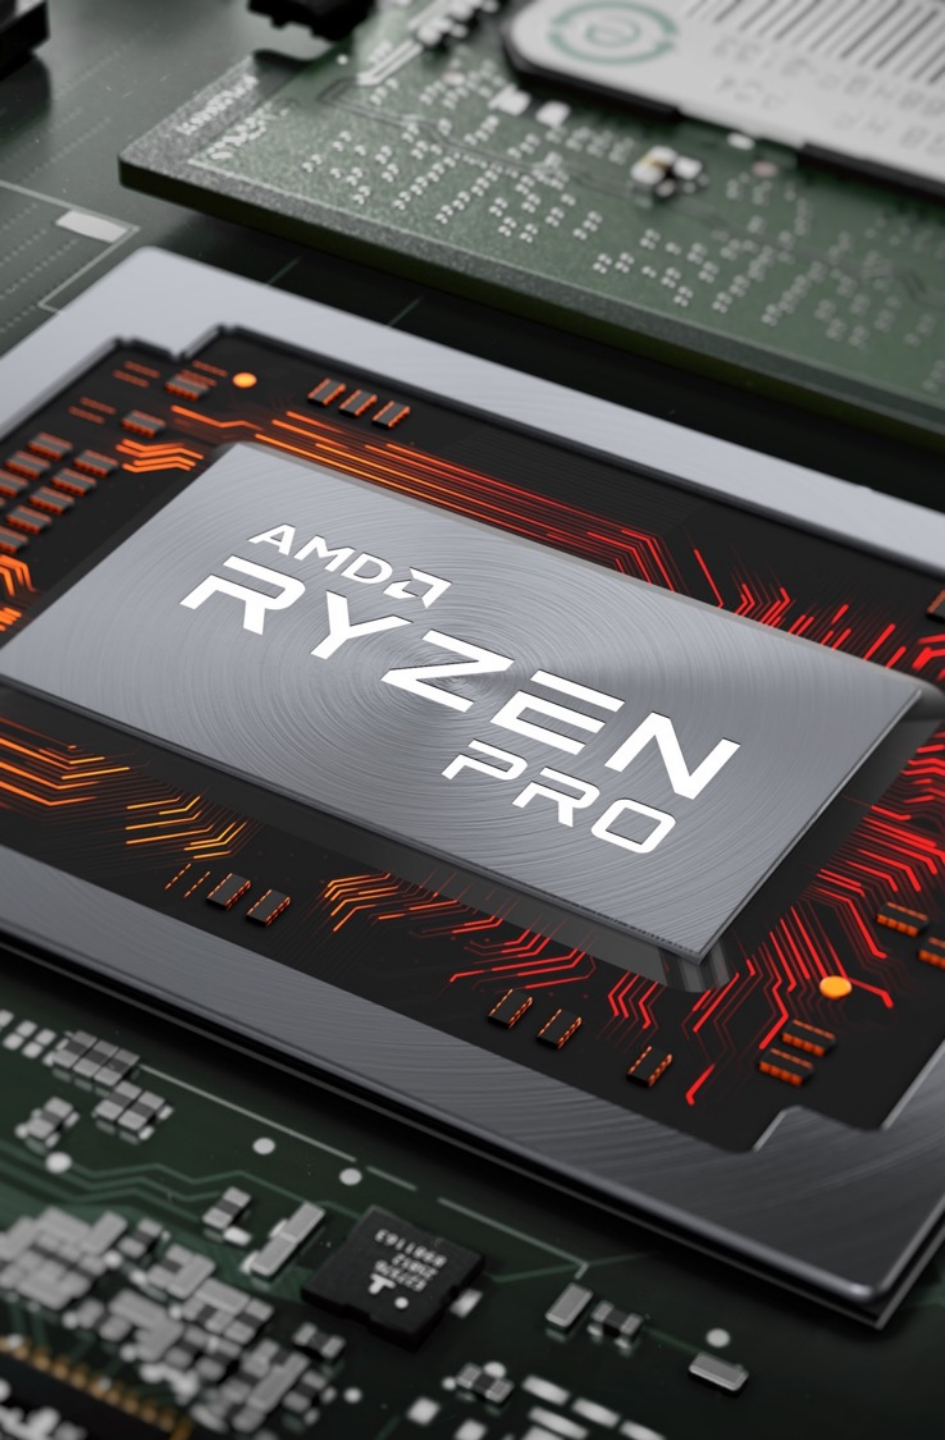
EARN MORE
profits with our exceptional incentives & rebates.

EXPERIENCE MORE
success with our effective tools & support.

You get to deliver amazing products that people want and are proud to own. Individuals and businesses have a vision for what they want to achieve. Lenovo empowers them to bring those visions to life. Stunning design and clever, purposeful engineering combine to make Lenovo products the most innovative on the market.

This Lenovo How-to-Sell Guide is designed to highlight a specific family of Lenovo products in a way that enables you to sell better — boosting sales for greater profit. This guide does more than provide product information. It presents user solutions and value propositions that clearly communicate why Lenovo wins in the battle for the sale. And when Lenovo wins, so do you.

THANK YOU FOR HELPING LENOVO SUCCEED.



WHY RYZEN PRO

The ThinkPad A Series is the first enterprise-level ThinkPad that offers the power of AMD Ryzen™ PRO Processors.

PERFORMANCE

Our processors work like you do: multitasked, responsive, efficient. Powerful enough to run multiple applications simultaneously and efficient enough to provide hours of productivity on a single charge, our most advanced PRO Processor delivers an astonishing experience. Even on your busiest days, your PC, powered by AMD Ryzen™ PRO with Radeon™ Vega graphics card, delivers.

SECURITY

At AMD, we believe every professional deserves protection against emerging threats to keep their critical data safe. It's why we empowered every Ryzen™ PRO Processor with a set of cryptographic and security capabilities called AMD GuardMI technology. From power-on to power-off, the built-in security co-processor helps protect your PC without you even noticing it.

RELIABILITY

Your PC needs to support your work, not dictate how you do it. No-compromise, commercial-grade reliability and manageability come standard with every AMD Ryzen™ PRO Processor with Radeon™ Vega graphics card.
Simplify IT planning, make smart infrastructure investments and administer all your clients with open standard DASH manageability for remote administration.

THINK
UNCOMPROMISING

For 25 years, the Think brand has been defined by simplicity, function, and value. And as technology advances with exponential speed, Lenovo maintains a relentless quest for perfection.

PURPOSEFUL DESIGN

Think is practical and powerful — never showy. We focus on constant process improvement, so you can focus on achieving results.

RELENTLESS INNOVATION

From cat paws to owls in flight, the extraordinary manifestations of nature have inspired some awesome technology in Think systems.

TRUSTED QUALITY

Enduring arctic wilderness or desert storms, zero gravity or spills and drops, the ThinkPad and ThinkCentre can handle whatever life throws your way.

“…UNDISPUTED CHAMPIONS OF PRODUCTIVITY…”

LAPTOPmag.com 04.10.2017

Merging power and elegance with security and durability, Lenovo’s legendary Think brand meets the needs—and wants—of the most discerning customer. Tested to withstand extreme conditions,
Think systems more than endure the rigors of everyday life—they dominate.

BUILT TO ENDURE

Since 2007, Lenovo has used the US Department of Defense's military standards to help our products strike the perfect balance of value and durability. All Think systems are rigorously MIL-SPEC tested, and they endure more than 200 additional quality checks to ensure safety and efficiency. Our products perform reliably, so our customers can focus on work without interruptions.

MIL-SPEC TESTS INCLUDE:

HUMIDITY

95% relative humidity, at 30°C to 60°C

HIGH TEMPERATURE

Storage: 63°C for 24 hours. Operation: 43°C for 2 hours.

LOW TEMPERATURE

Storage: -25°C for 24 hours. Operation: -21°C for 2 hours.

FUNGUS

28 days with common fungus sources

ALTITUDE

Tested for operations at 15,000 feet

LENOVO THINKPAD A SERIES

PRODUCTIVE PORTABILITY FOR REAL BUSINESS

The ThinkPad A Series combines the uncompromising versatility of ThinkPad with the multitasking power and hardware-level security of AMD. Whether in the office or on the road, your professional capabilities meet their match with these business-ready laptops.

KEEP HACKERS AT BAY
with processor-level security and Match on Chip Touch Fingerprint Reader.

MULTITASKING IS MADE EASY
with AMD PRO manageability.

BRING YOUR CREATIVE SIDE TO LIFE
with rich AMD onboard graphics.

THINKPAD A485

Raise the bar with the ThinkPad A485 that boasts the latest AMD Ryzen™ PRO Mobile Processor with Radeon™ Vega Graphics Card. With the mechanical side docking that adds to your productivity, leave no stone unturned. In addition to power and speed, the ThinkPad A485 also includes solid security features such as the AMD GuardMI technology, built-in AES 128-bit encryption engine, and the fTPM/TPM 2.0 chip. The ThinkShutter camera cover on the HD camera ensures user privacy. Never worry about data security; the IR Camera with Windows Hello and Match on Chip Touch Fingerprint Reader ensure your data stays confidential.

ThinkPad A485

USER SOLUTION FACTS

IN THE MODERN OFFICE

- Starting at 1.58kg/3.49lbs., the lightweight A485 is easy to carry.
- The latest AMD Ryzen™ PRO Mobile Processor with Radeon™ Vega Graphics Card makes multitasking and content creation easy and quick.
- Mechanical side docking solution that provides multiple connectivity options.
- User privacy is ensured with the ThinkShutter camera cover on the HD camera.
- The IR Camera with Windows Hello for facial recognition and Match on Chip Touch Fingerprint Reader ensure security.
- Added security features such as AMD GuardMI technology, built-in AES 128-bit encryption engine, and fTPM-enabled/TPM 2.0 chip.

KEY ACCESSORY

ThinkPad Mechanical Side Docking Station

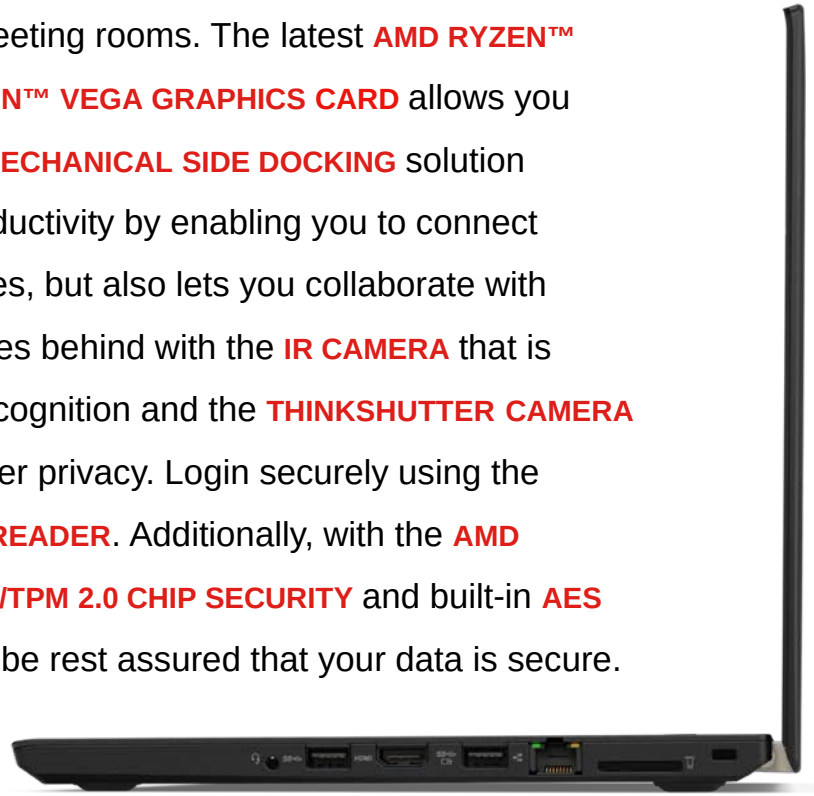
Designed exclusively for ThinkPad notebooks and with a combination of dual USB-C and Ethernet ports, this side docking connector allows users to connect with other peripheral devices easily.

ThinkPad A485

USER SOLUTION STORY

IN THE MODERN OFFICE

The ThinkPad A485 adds to your agility in the modern office. Starting at 1.58kg/3.49lbs., the A485 is **LIGHTWEIGHT** and **EASY TO CARRY**, especially when you're on the move between meeting rooms. The latest **AMD RYZEN™ PRO MOBILE PROCESSOR WITH RADEON™ VEGA GRAPHICS CARD** allows you to easily switch between tasks. The **MECHANICAL SIDE DOCKING** solution not only adds that extra boost for productivity by enabling you to connect to accessories, LAN, and other devices, but also lets you collaborate with peers with ease. Leave security worries behind with the **IR CAMERA** that is enabled for **WINDOWS HELLO** facial recognition and the **THINKSHUTTER CAMERA COVER** on the HD camera ensures user privacy. Login securely using the **MATCH ON CHIP TOUCH FINGERPRINT READER**. Additionally, with the **AMD GuardMI TECHNOLOGY**, **fTPM-ENABLED/TPM 2.0 CHIP SECURITY** and built-in **AES 128-BIT ENCRYPTION ENGINE**, you can be rest assured that your data is secure.



ThinkPad A485

USER SOLUTION FACTS

ON THE ROAD

- With up to 10.76 hours* of battery, work on the move becomes easy.
- MIL-SPEC testing ensures the device can endure whatever work-on-the-go has in store.

Based on testing with MobileMark 2014. Battery life varies significantly with settings, usage, and other factors.

KEY ACCESSORY

ThinkPad Professional Slim Ultralight Case

The charcoal-colored soft-touch exterior material is weather- and stain-resistant and coordinates with business or casual attire, and an innovative integrated USB charging port feature allows you to charge your phone or tablet on the go.

ThinkPad A485

USER SOLUTION STORY

ON THE ROAD

You need to be as productive on the road as you are in the office. The ThinkPad A485 lets you be just that. Up to **10.76 HOURS* OF BATTERY** makes sure your work on the move is covered, be it a short road trip or a visit to the café. **MIL-SPEC** tested for durability, these tough devices endure whatever on-the-road life has in store. Be ready to amaze, wherever you are.

Based on testing with MobileMark 2014. Battery life varies significantly with settings, usage, and other factors.

ThinkPad A485

USER SOLUTION FACTS

BEING CREATIVE

- The AMD Radeon™ Vega Graphics Card let you explore your creativity in superior content creation.
- The vibrant full-HD display with multitouch* enables better interaction while working.
- The Glance eye tracking improves multi-monitor productivity with a slight head and eye movement.

*Optional

KEY ACCESSORY

In-Ear Headphones

With three unique designs, find your fit for great sound quality. The lightweight portability, comfortable fit, and over-the-ear loop of these headphones keep distraction out so your creativity flows.

ThinkPad A485

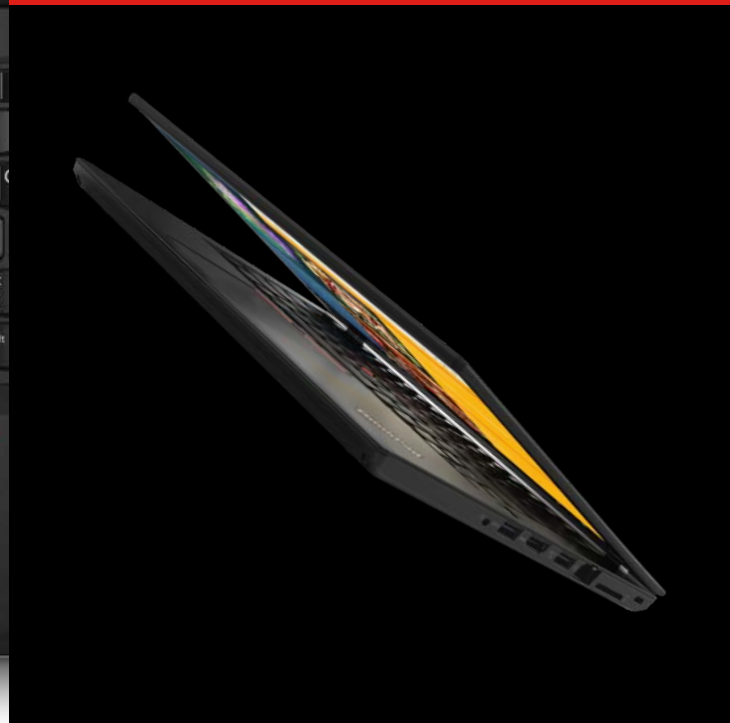
USER SOLUTION STORY

BEING CREATIVE

When work involves creativity, you need the perfect tools to be creative. The ThinkPad A485 allows you to do much more. The vivid **FULL-HD DISPLAY WITH MULTITOUCH*** is sure to fuel your creative spark for an effective and intuitive interaction while you work.

Let your creativity go wild with the **AMD RADEON™ VEGA GRAPHICS CARD** that enable superior content creation.

*Optional

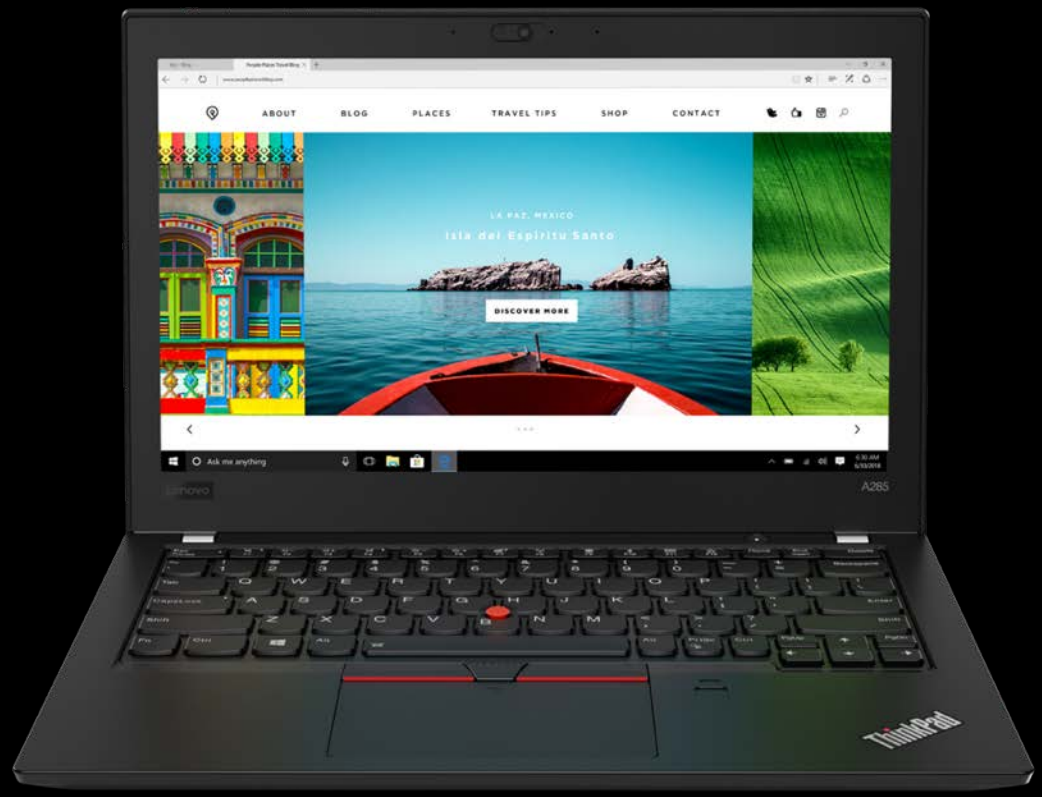


THINKPAD A285

Up your game with the compact and redesigned ThinkPad A285, which is 20% lighter and 15% thinner (17 mm) than its predecessor. With the latest AMD Ryzen™ PRO Mobile Processor with Radeon™ Vega Graphics Card, working on multiple applications and dealing with heavy data is simple.

The RapidCharge battery technology charges your laptop up to 80% in an hour. The ThinkShutter camera cover on the HD camera ensures user privacy. Additionally, robust security features like the Match on Chip Touch Fingerprint Reader, built-in AES 128-bit encryption engine and AMD GuardMI technology, ensure all confidential data is protected.

The ThinkPad A285 also comes with fTPM/TPM 2.0 support that provides an extra layer of security.



ThinkPad A285

USER SOLUTION FACTS

IN THE MODERN OFFICE

- With the latest AMD Ryzen™ PRO Mobile Processor with Radeon™ Vega Graphics Card, switch between multiple apps and create intensive content effortlessly.
- The mechanical side docking solution includes versatile connectivity options.
- The ThinkShutter camera cover on the HD camera ensures user privacy.
- The Match on Chip Touch Fingerprint Reader provide robust data security.
- Security features such as AMD GuardMI technology, built-in AES 128-bit encryption engine, and fTPM/TPM 2.0 further secure the ThinkPad A285.

KEY ACCESSORY

ThinkPad Mechanical Side Docking Station

Designed exclusively for ThinkPad notebooks and with a combination of dual USB-C and Ethernet ports, this side docking connector allows users to connect with other peripheral devices easily.

ThinkPad A285

USER SOLUTION STORY

IN THE MODERN OFFICE

The modern office demands you to be on your toes all the time. With the ThinkPad A285 on your side, always be confident and agile. The latest **AMD RYZEN™ PRO MOBILE PROCESSOR WITH RADEON™ VEGA GRAPHICS CARD** enable you to perform multiple tasks quickly and simultaneously. The **MECHANICAL SIDE DOCKING** solution provides multiple port options that boost productivity. To ensure privacy while you're working, slide the **THINKSHUTTER** to cover the camera when not in use. The **MATCH ON CHIP TOUCH FINGERPRINT READER** provides solid data security and the **THINKSHUTTER CAMERA COVER** on the HD camera ensures user privacy. Also, the ThinkPad A285 supports **fTPM/TPM 2.0** and comes with **AES 128-BIT ENCRYPTION ENGINE** and **AMD GuardMI TECHNOLOGY**, making it extra secure.

ThinkPad A285

USER SOLUTION FACTS

ON THE ROAD

- The ThinkPad A285 is ultralight and easy to carry.
- 10.2 hours* of battery life and RapidCharge technology ensure work on the road remains uninterrupted.
- MIL-SPEC durability ensures the device endures everyday bumps and knocks.

KEY ACCESSORY

Wireless Mouse

Get precise control without being tied down. Blue optical tracking technology provides precision performance that operates on almost any surface.

*Based on testing with MobileMark 2014. Battery life varies significantly with settings, usage, and other factors.

ThinkPad A285

USER SOLUTION STORY

ON THE ROAD

The ThinkPad A285 prepares you for anything that the road has in store for you. The redesigned A285 is **20% LIGHTER**and **15% THINNER** (17mm), making it ultra-portable. **RAPIDCHARGE** technology helps charge the battery up to 80% in an hour, easily lasting you a short road trip. **MIL-SPEC** testing includes a range of durability tests that ensure your device endures everyday bumps and knocks.

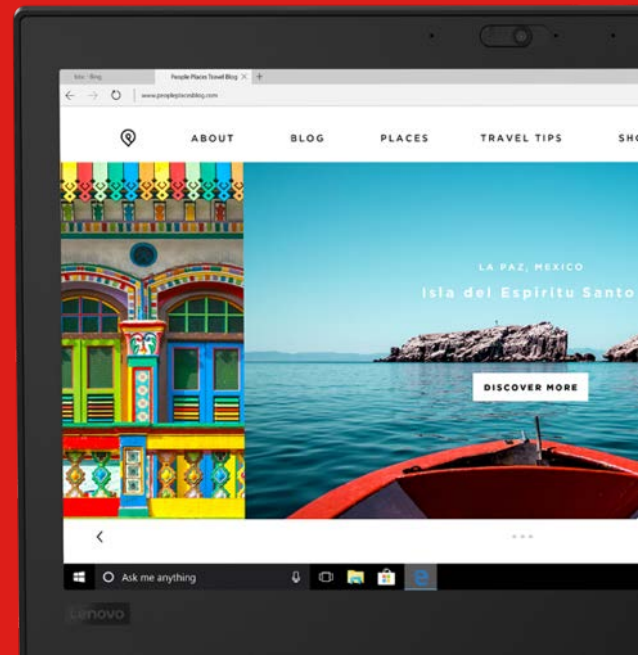
ThinkPad A285

USER SOLUTION FACTS

BEING CREATIVE

- The vibrant full-HD display with multitouch* enables you to explore creative ways of interaction while working.
- Let your creativity take wing, with the AMD Radeon™ Vega Graphics Card for superior content creation.

*Optional



KEY ACCESSORY

In-Ear Headphones

With three unique designs, find your fit for great sound quality. The lightweight portability, comfortable fit, and over-the-ear loop of these headphones keep distraction out so your creativity flows.

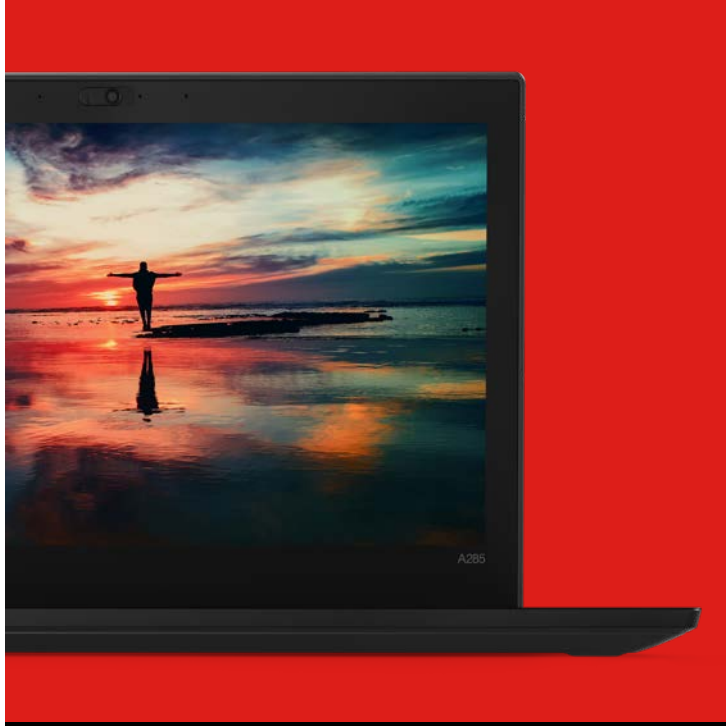
ThinkPad A285

USER SOLUTION STORY

BEING CREATIVE

The ThinkPad A285 allows you to go that extra mile. The brilliant **FULL-HD DISPLAY WITH MULTITOUCH*** lets you explore creative ways of presenting your ideas, for an effective and intuitive interaction with your work. Your creativity will know no bounds with the **AMD RADEON™ VEGA GRAPHICS CARD** that supports superior content creation.

*Optional



THINKPAD A475

The no-nonsense power and hardware-level security of the ThinkPad A475 let you ramp up your productivity, whether you're in the office with coworkers or on the road with customers.

ThinkPad A475

USER SOLUTION FACTS

IN THE MODERN OFFICE

- Processor-level integrated security.
- Match on Chip Touch Fingerprint Reader makes for an easy and secure login.
- Multitasking capabilities that take your to-do list to ‘done’.

KEY ACCESSORY

ThinkPad 90W Ultra Dock

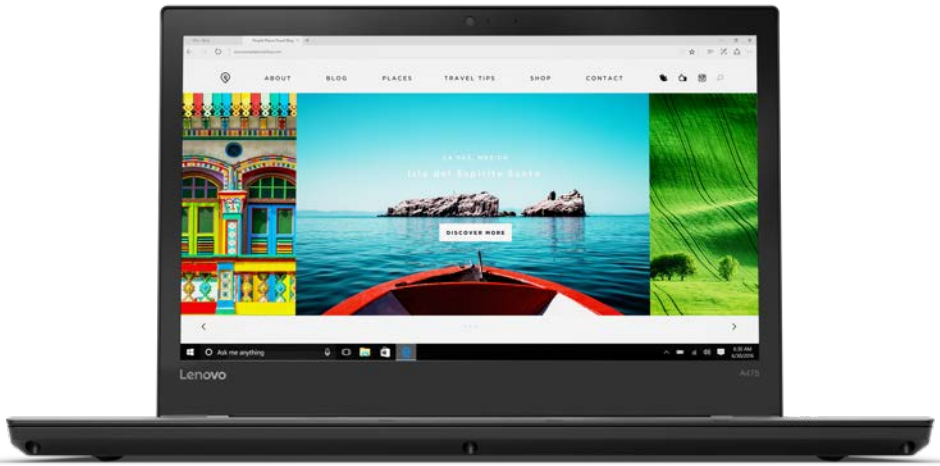
This ultimate 90W docking solution includes a wide range of video outputs, including HDMI 1.4 and support for multiple external monitors — so you can multitask like never before.

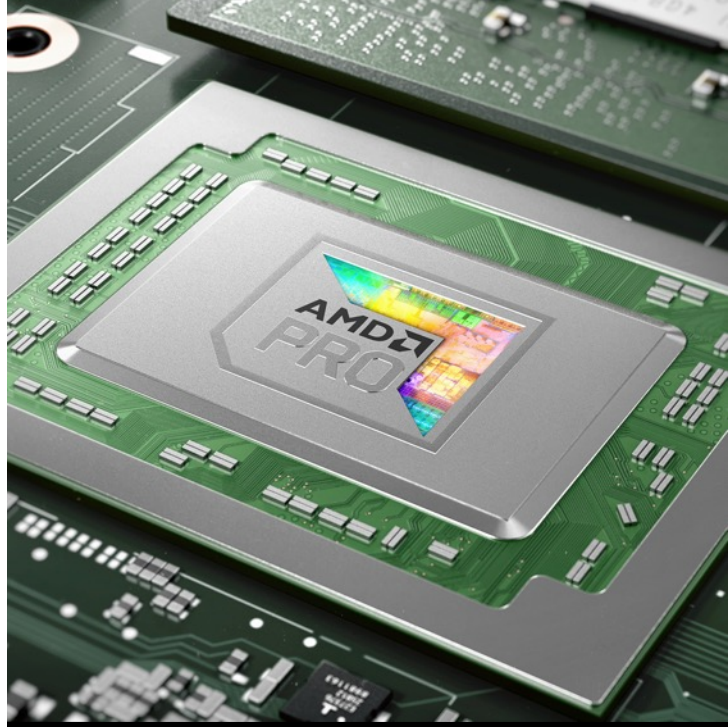
ThinkPad A475

USER SOLUTION STORY

IN THE MODERN OFFICE

In the modern office, productivity is the key to success. The expectation is to do more in less time, so it's all about efficiency. With the multitasking capability of the **7TH GEN AMD PRO APU**, the uncompromising ThinkPad A475 turns your to-do list into a 'done' list. And with **PROCESSOR-LEVEL INTEGRATED SECURITY** your data is locked down the moment you power up. Also, the **MATCH ON CHIP TOUCH FINGERPRINT READER** makes for an easy and secure login.





ThinkPad A475

USER SOLUTION FACTS

ON THE ROAD

- Stay online on the road with LTE - A wireless connectivity.
- MIL-SPEC tested to survive — and win — daily business battles.
- AMD PRO manageability makes multitasking a breeze.

KEY ACCESSORY

ThinkPad Professional Slim Ultralight Case

This sleek and modern professional case offers durable materials and intelligently designed organization. A hidden security pocket for your passport or wallet, ergonomic shoulder strap, and trolley strap make for easy and convenient travel.

ThinkPad A475

USER SOLUTION STORY

ON THE ROAD

The global economy has normalized a workplace that includes trains, planes, and automobiles. So when the road is your office, the ThinkPad A475 is the ideal tool to keep you grounded. With **LTE-A CONNECTIVITY**, you can stay linked to the world — no matter where the day leads you. Also, because bumps and bruises are inevitable on the road, the A475 is **MIL-SPEC TESTED** ensuring that endurance is never an issue. Multitasking is also made easy with built-in **AMD PRO MANAGEABILITY**.

ThinkPad A475

USER SOLUTION FACTS

BEING CREATIVE

- Powerful integrated AMD Radeon™ R7 Graphics Card provide the impressive ‘wow’ factor.
- New ideas can flow freely with all-day battery life and exceptional connectivity.
- The touch screen enables flexible creative use.

KEY ACCESSORY

In-Ear Headphones

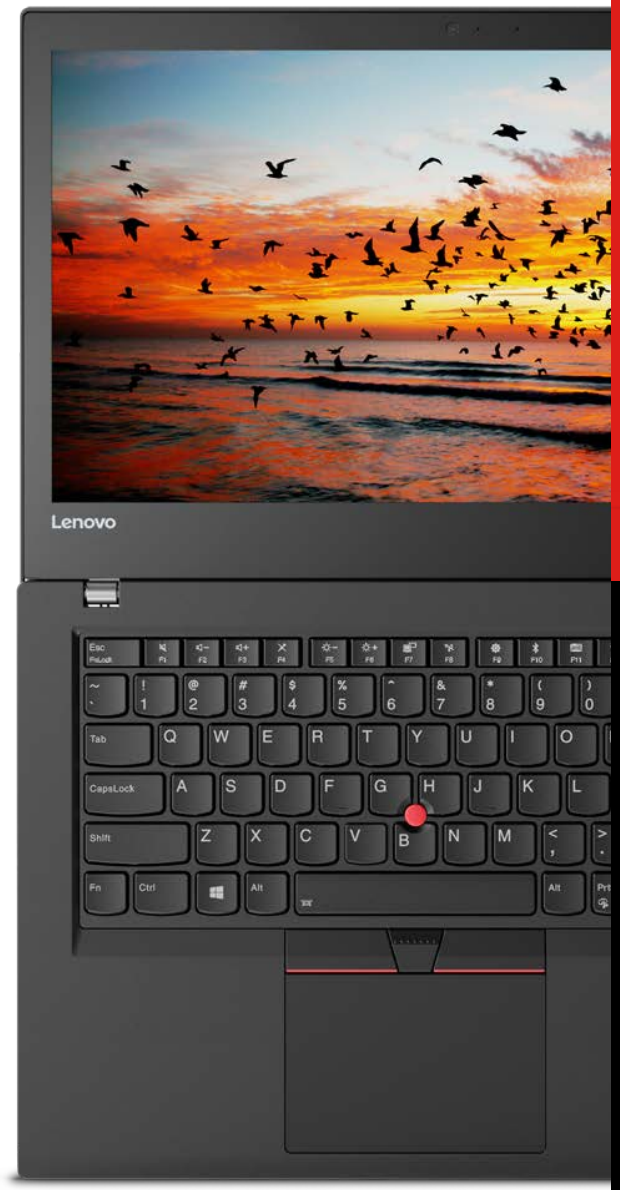
With three unique designs, find your fit for great sound quality. The lightweight portability, comfortable fit, and over-the-ear loop of these headphones keep distraction out so your creativity flows.

ThinkPad A475

USER SOLUTION STORY

BEING CREATIVE

Whether you are generating a data sheet or designing a logo, unique inspiration is integral to every task. With the **POWERFUL AMD RADEON™ R7 GRAPHICS CARD** in the ThinkPad A475, create a masterpiece each day. **ALL-DAY BATTERY LIFE** and **EXCEPTIONAL CONNECTIVITY** eliminate downtime, and the **OPTIONAL TOUCH SCREEN** provides the flexibility you need as you bring to life your next great work of art. Yes, even that spreadsheet.



THINKPAD A275

In the office, at the corner coffee shop,
or on the road, the mobile versatility and
multitasking productivity of the ThinkPad A275
delivers a powerful performance.

ThinkPad A275

USER SOLUTION FACTS

IN THE MODERN OFFICE

- AMD hardware-level security integrates added data safety.
- Match on Chip Touch Fingerprint Reader makes for easy and secure login.
- Productive multitasking is a breeze with AMD PRO manageability.

KEY ACCESSORY

ThinkPad USB-C Dock

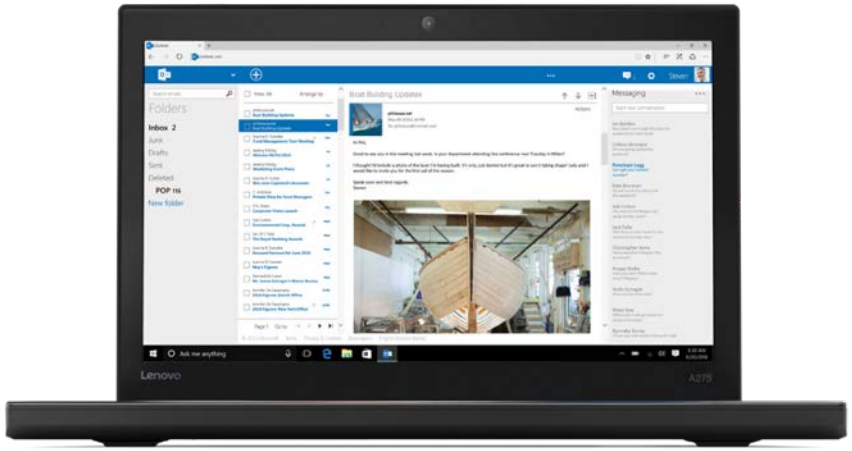
This universal docking solution ensures a productive workstation experience. Meet all your productivity needs, including video, data, and wired network, all while delivering continuous power to your laptop via a robust USB Type-C port.

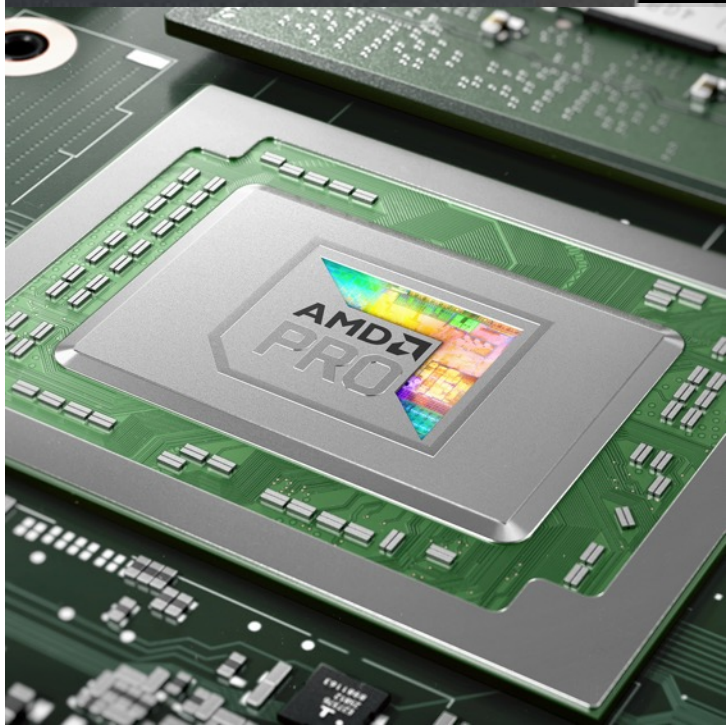
ThinkPad A275

USER SOLUTION STORY

IN THE MODERN OFFICE

Today's collaborative workplace keeps you moving from conference room to huddle table to open desk. With the agile ThinkPad A275, you'll stay focused and productive while you're on the move. Master multitasking with **AMD PRO MANAGEABILITY** as you juggle back-to-back meetings. And with **AMD PROCESSOR-INTEGRATED SECURITY** and **MATCH ON CHIP TOUCH FINGERPRINT READER**, you'll never have to worry about data breach.





ThinkPad A275

USER SOLUTION FACTS

ON THE ROAD

- Compact 12-inch design for ultimate portability.
- AMD PRO manageability for multitasking productivity.
- 12 MIL-SPEC tests to ensure durable reliability.

KEY ACCESSORY

Laptop Privacy Filter

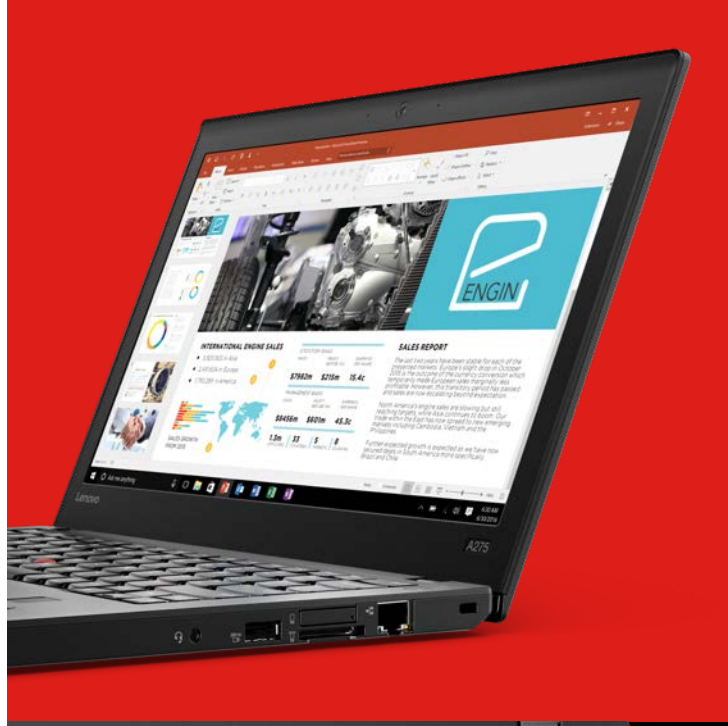
Work with peace of mind with this premium filter. Blackout side views keep visual hackers in the dark and a unique attachment system keeps the security filter in place even when your laptop is closed.

ThinkPad A275

USER SOLUTION STORY

ON THE ROAD

The road is your office. There's no place you'd rather be. The **ULTRALIGHT 12-INCH** ThinkPad A275 provides just the productive agility you need to conquer the day ahead. Multitasking has never been easier with the powerful capability of **AMD PRO MANAGEABILITY**. And proven **MILITARY-GRADE QUALITY** ensures reliable durability wherever the road takes you.



ThinkPad A275

USER SOLUTION FACTS

BEING CREATIVE

- Powerful AMD Radeon™ R7 Graphics Card.
- Touch screen option to allow flexible productivity.
- All-day battery life to enable uninterrupted creativity.

KEY ACCESSORY

Wireless Mouse

Get precise control without being tied down. Blue optical tracking technology provides precision performance that operates on almost any surface.

ThinkPad A275

USER SOLUTION STORY

BEING CREATIVE

With the **POWERFUL AMD RADEON™ R7 GRAPHICS CARD**, the ThinkPad A275 is designed to inspire creativity. You can boldly alternate from **TOUCH SCREEN** to keyboard as you bring your next great idea to life. Also, with an **ALL-DAY BATTERY LIFE**, this portable powerhouse lets you create without being outlet-bound.

THINKPAD A SERIES

RECOMMENDED SERVICES

PREMIER SUPPORT

Provides direct access to skilled and experienced Lenovo technicians offering comprehensive hardware and software support. Gives you a consistent point of contact within Lenovo to ensure that your case resolution is professionally managed from start to finish.

ACCIDENTAL DAMAGE PROTECTION (ADP)

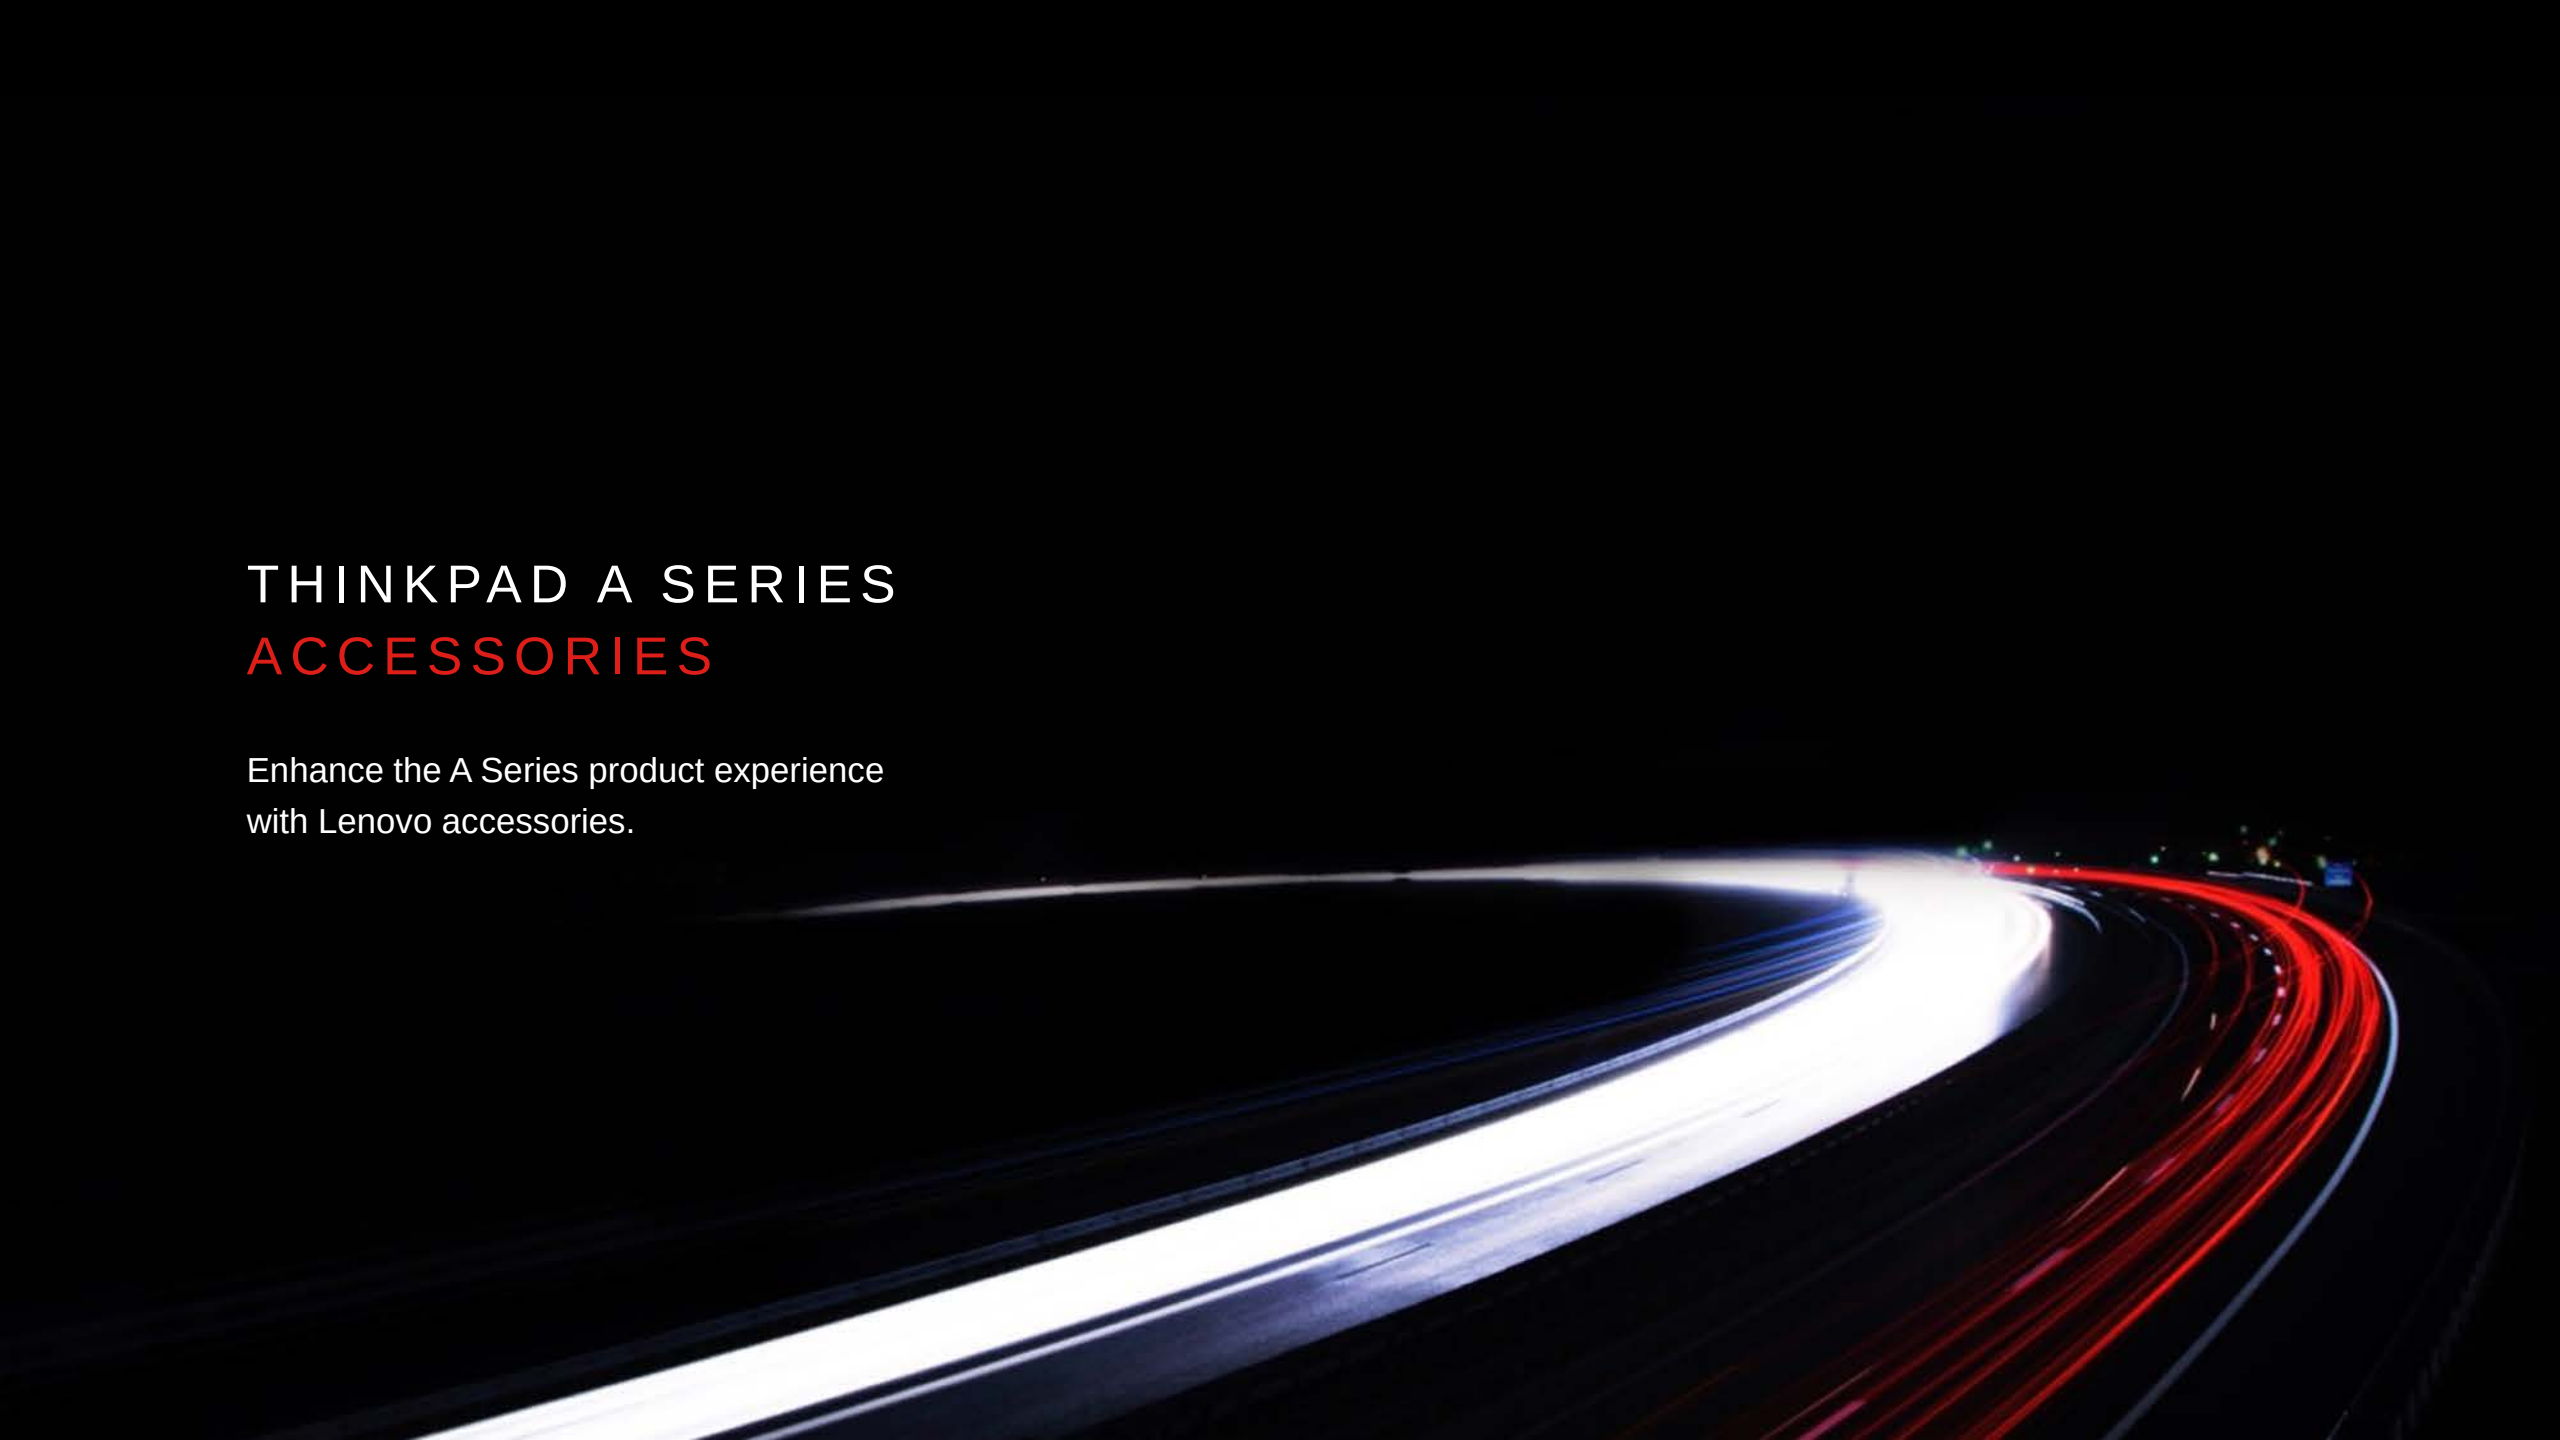
Prevents the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops, or damage to the integrated screen.

WARRANTY EXTENSIONS (1 TO 5 YEARS TOTAL DURATION)

This fixed-term, fixed-cost service helps you accurately budget for PC expenses, protect your valuable investment, and lower the cost of ownership over time.

THINKPAD A SERIES
ACCESSORIES

Enhance the A Series product experience
with Lenovo accessories.



ThinkPad 90W Ultra Dock (for A475 only)

Completely redesigned, this ultimate 90W docking solution includes a wide range of video outputs, including HDMI 1.4 and support for multiple external monitors — so you can multitask like never before.

ThinkPad USB-C Dock

This universal docking solution ensures a productive workstation experience. Meet all your productivity needs, including video, data, and wired network, all while delivering continuous power to your laptop via a robust USB Type-C port.

ThinkPad Professional Slim Ultralight Case

This sleek and modern professional case offers durable materials and intelligently designed organization. A hidden security pocket for your passport or wallet, ergonomic shoulder strap, and trolley strap make for easy and convenient travel.

In-Ear Headphones

With three unique designs, find your fit for great sound quality. The lightweight portability, comfortable fit, and over-the-ear loop of these headphones keep distraction out so your creativity flows.

Dual Platform Notebook and Monitor Stand

This space-efficient stand integrates laptop, dock, and monitor into one convenient work space and raises your monitor up to an ergonomic viewing height.

Laptop Privacy Filter

Work with peace of mind with this premium filter. Blackout side views keep visual hackers in the dark, and a unique attachment system keeps the security filter in place even when your laptop is closed.

Video Adapter

Turn your USB-C port into a VGA display adapter to connect any display, projector, or TV. Extend your display with no extra installed drivers and maximize your creative vision.

Wireless Mouse

Get precise control without being tied down. Blue optical tracking technology provides precision performance that operates on almost any surface.

ThinkPad Mechanical Side Docking Station

The innovative side connector, designed exclusively for ThinkPad notebooks, provides a driver-free way to connect conveniently and securely to a range of USB accessories and external displays. It is equipped with all the features IT managers need for company-wide deployments, management, and security; vPro, PXE boot, and Wake-on LAN, MAC address-pass through and optional master key lock.

Lenovo Professional Wireless Keyboard and Mouse Combo

Get responsive, quiet keys and a premium typing experience with this wireless full-size keyboard and mouse combination. A slim 2.5 zone keyboard with number pad and one-touch dedicated media keys put the controls you use most at your fingertips, and the ergonomic mouse supports all-day use.

Lenovo Stereo Headset

Comfortable fitting, universal VoIP optimized headphones that come with double-sided ear pieces help you focus on the call by blocking unwanted sound. Adjustable headset and 180º microphone provide excellent sound clarity be it on VoIP or regular phone calls.

ThinkPad USB Travel Mouse

The ThinkPad USB Travel Mouse is compact and portable, ideal for everyday use or for those on the go. The sleek 2 button ambidextrous design ensures that this mouse is both comfortable and easy to use. It connects via USB, meaning it can be easily installed and used on virtually any device with a USB port.

LENOVO SERVICES PORTFOLIO

END-TO-END SOLUTIONS TO SUPPORT THE LIFE OF YOUR DEVICE.

Lenovo's comprehensive portfolio of service solutions and our global delivery network help maintain, protect, and manage your investment.

PROTECT

Protect your device from deployment to end of life.
