THE SMART SOLUTION FOR GROWING BUSINESSES

LENOVO® G530 NOTEBOOK

TECHNOLOGY TO MAXIMIZE PRODUCTIVITY

Our goal is to help you and your business succeed by providing the most advanced system components at an affordable price. Lenovo G530 notebook models offer Windows Vista® (Home Basic, Home Premium or Business 32), Intel® Processors (Intel® Celeron® Processor 900, Intel® Pentium® Dual-Core Processor T3400, Intel® Core™2 Duo Processor T5900 and Intel® Core™2 Duo Processor T6400), and support for up to 4GB DDR2 667 MHz memory.

COMPLETE CONNECTIVITY

Expand your storage and download and save photos, music and other media with the 4-in-1 media card reader. The Lenovo G530 notebook offers four side accessible, high-speed USB 2.0 ports as well as VGA, RJ11 and RJ45 connections. These provide broad compatibility with many consumer devices such as digital cameras, digital camcorders, USB storage devices, game controllers, MP3 players and more. The new Lenovo G530 notebook models offer a standard ExpressCard/54 slot to support the latest high performance, high bandwidth peripherals like a mobile broadband card.

PRELOADED SOFTWARE TOOLS

We provide a comprehensive suite of preloaded software to help you maximize your productivity. It includes:

- ThinkVantage® Rescue and Recovery® 4.21
- Product Recovery
- ThinkVantage Access Connections™ 5.02
- Presentation Director
- Adobe® Acrobat Reader®
- Sun™ JRE™
- Roxio® Creator™ Small Business Edition (Record Now & DLA)
- Intervideo WinDVD®

PRESENTATION DIRECTOR

A display configuration utility that enables you to create, manage and use various display and projection schemes when making presentations. Using these schemes, you can quickly and easily configure your notebook to do the following:

- Display a presentation on an external projector, monitor or television with appropriate resolution and color settings
- Avoid interruptions by disabling the screen saver and power management timers and hiding your desktop and instant-messaging windows

Use multiple monitors to extend the size of your desktop.

Presentation Director also enables you to capture your current display settings as a default scheme called "My Normal Display Settings." After you finish a presentation, you can immediately and easily return to your default settings by applying this scheme.

TOP REASONS TO OWN

- ◆ FULL-FEATURED NOTEBOOK THAT PROVIDES EXCELLENT VALUE FOR MONEY
- ◆ STYLISH DESIGN AND EXCELLENT KEYBOARDING EXPERIENCE
- ◆ PROVEN SOFTWARE TOOLS FOR CONNECTIVITY AND SYSTEM RECOVERY

Lenovo® recommends Windows Vista® Business.

THE SMART SOLUTION FOR GROWING BUSINESSES

LENOVO® G530 NOTEBOOK

The Lenovo G530 notebook is a stylish widescreen notebook combining excellent features at a great price. Full-featured, widescreen Lenovo G530 notebooks provide not only the functionality to run a small business but also the features to enjoy computing at home. The new Lenovo G530 notebook comes in a 15.4" widescreen model with Windows Vista® Home Basic, Home Premium or Business 32 edition preloaded operating system (Windows® XP Pro recovery DVD included on Windows Vista® Business models). Choose from several Intel® Processors including Intel® Celeron® Processor 900, Intel® Pentium® Dual-Core Processor T3400, Intel® Core™2 Duo Processor T5900 and Intel® Core™2 Duo Processor T6400.

Select models feature Wireless Wi-Fi, Bluetooth® and Ethernet connectivity. A 1.3MP webcam is available on select models. The combination of these features make the Lenovo G530 notebook the tool that maximizes your productivity.

EXCELLENT KEYBOARDING EXPERIENCE

The same engineers that brought you the legendary keyboard design on ThinkPad® notebooks now give you great tactile feel with intelligent layout and performance on other Lenovo notebooks. Thoughtfully designed, the keyboard has specialized keys and buttons for easy access to the Presentation Director application and LenovoCareSM tools, as well as multimedia controls for stop, play, forward, rewind and pause.

ENHANCE YOUR CREATIVITY

The Lenovo G530 notebook with Roxio® Creator™ Small Business Edition software simplifies your front-end interface by categorizing frequently used tasks. Most functions can be performed within the same framework so there are fewer controls to learn! You can burn to multiple drives at one time, increasing your productivity. Organize and play all your audio files in one place, show off your latest vacation pictures and clips, easily create bootable discs and produce Hollywood-style DVDs with custom on-screen menus and background audio.
