Lenovo® recommends Windows® 7 Professional.

THE LENOVO® THINKCENTRE® M72e DESKTOP

BRAND NEW DESIGN AND MORE POWER IN A TINY FORM FACTOR

Presenting the Lenovo ThinkCentre M72e desktop designed for enterprise-class productivity, manageability, and reliability. This fully loaded desktop is available in tower, small form factor, and the new tiny form factor. The new tiny form factor is the industry’s first 1L virtualization-ready desktop with VESA mount support for multiple mounting options. Mount the Lenovo tiny at the back of a supported monitor, to save more desk space, and use the optional battery for system backup.

Productivity is powered by the latest 3rd generation Intel® Core™ processors with enhanced CPU and graphics performance. Lenovo Enhanced Experience 3 with RapidBoot HDD Accelerator provides incomparable efficiency with quick start up on the latest Windows® platform. Desktop connectivity is enriched with wireless and Bluetooth® support in all form factors. Whether in a school or an office, the ThinkCentre M72e offers performance beyond expectations, quicker productivity, and legendary reliability.

LENOVO ENHANCED EXPERIENCE 3 FOR WINDOWS® 7.
FASTER AND OPTIMIZED FOR BUSINESS.

Fast and optimized for multimedia; Lenovo Enhanced Experience 3 for Windows® 7 uses RapidBoot technology to start your PC 40% faster than a typical Windows® 7 computer*. And BootShield maintains fast boot performance even after installing multiple applications. Plus, you can enjoy richer sound and HD webcams. Find out more at www.lenovo.com/win7ee

*Available on select models with Intel® Core™ i3, i5 or i7 processors. Claim is calculated by taking the average of Lenovo EE3 notebooks and desktops, and compares it with averaged data from 49 competitor products of similar configuration (Intel® Core™ i3, i5 and i7 PCs only). Testing conducted by CNET Labs, Beijing in December 2011, using the independent VTS tool to measure start-up time and other performance measurements. Performance will vary by model and configuration.
Lenovo® recommends Windows® 7 Professional.

GEARED FOR PRODUCTIVITY
- Latest 3rd generation Intel® Core™ processors with up to 10% CPU and 164% graphics performance improvement
- Lenovo Enhanced Experience 3 makes the start-up time faster with RapidBoot HDD Accelerator
- Wi-Fi and Bluetooth® support for high performance connectivity

ENVIRONMENTALLY-FRIENDLY SOLUTIONS
- Certified by ENERGY STAR 5.2 and EPEAT® Gold for energy saving and conservation
- Tiny: Greenest M-series desktop with power saving low-voltage processors
- More than 80% high-efficiency power supply units for increased energy savings
- Equipped with Desktop Power Manager (DPM) and Cisco EnergyWise certified to manage power consumption

LENOVO ENHANCED EXPERIENCE 3 FOR WINDOWS® 7.
Optimizes data security with robust features like:
- Self-encrypting drives that protect data on the hard disk drives in case of loss or theft
- Hardware Password Manager for central security management of self-encrypting drives
- BIOS Port Lock to disable all input and output ports remotely without any additional hardware

Provides superior web conferencing with:
- Keystroke noise suppression and high-quality webcam

SERVICE OFFERINGS
Lenovo offers a comprehensive portfolio of award-winning services to support and protect your ThinkCentre investment. Succeed with substance, and let Lenovo’s Service support you all the way.
- Priority Technical Support
  Makes your priority, our priority. 24x7 priority call routing to advanced-level technicians, electronic incident tracking, and escalation management services.
- Warranty Upgrades - Onsite and Next Business Day
  Maximizes PC uptime and productivity by providing convenient, fast repair service at your place of business.
- Warranty Extensions (1 to 5 Years Total Duration)
  This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment, and potentially lower the cost of ownership over time.
- Keep Your Drive
  Retain your drive if it should happen to fail, giving you the peace of mind to know that your valuable data is secure. KYD applies to all drives within multi hard disk/SSD systems.
- Asset Tagging
  Systems come equipped with a professional, flexible asset tag based on your exact specifications. PCs are easily identifiable and trackable right out of the box.
