The Lenovo ThinkCentre M82 takes productivity and efficiency to the next level. The desktop is available in both tower and small form factor designed specifically for the rigorous demands of large enterprises and the education world.

Equipped with the latest 3rd generation Intel® Core™ processors the ThinkCentre M82 provides all the power you need. This capability enables you to work simultaneously with multiple applications. Lenovo Enhanced Experience 3 and RapidBoot HDD Accelerator provides an optimized user experience with faster Windows® 7 start up and shutdown. The cooler and quieter design with the Intelligent Cooling Engine 2.0 (ICE 2) increases the desktop life cycle.

Save energy and increase environmental sustainability with certifications from EPEAT® Gold, ENERGY STAR 5.2, and UL Environment Gold. Control energy consumption using the Desktop Power Manager with Cisco EnergyWise certification. The ThinkCentre M82 delivers improved productivity, desktop security, and environmental safety.

**LENOVO ENHANCED EXPERIENCE 3 FOR WINDOWS® 7.**

**Faster and optimized for business.**

Fast and optimized for multimedia; Lenovo Enhanced Experience 3 for Windows® 7 uses RapidBoot technology to start your PC 40% faster than a typical Windows® 7 computer*. And BootShield maintains fast boot performance even after installing multiple applications. Plus, you can enjoy richer sound and HD webcams. Find out more at www.lenovo.com/win7ee

*Available on certified models with Intel® Core™ i3, i5 or i7 processors. Claim is calculated by taking the average of Lenovo EE3 notebooks and desktops, and compares it with averaged data from 49 competitor products of similar configuration (Intel® Core™ i3, i5 and i7 PCs only). Testing conducted by ENET Labs, Beijing in December 2011, using the independent ITBS tool to measure startup time and other performance measurements. Performance will vary by model and configuration.
Lenovo® recommends Windows® 7 Professional.

INDUSTRY-LEADING TECHNOLOGIES

- Latest 3rd generation Intel® Core™ processors with increased processing and graphics performance
- Optimized performance with Lenovo Enhanced Experience 3 and faster boot up time with RapidBoot HDD Accelerator* helps you start work quickly
- Well-managed thermal and acoustics performance, and longer life cycle with Intelligent Cooling Engine 2.0 (ICE 2)

ENERGY EFFICIENT AND GREEN

- Compliance with international green standards like EPEAT® Gold and UL Environment Gold certifications
- ENERGY STAR 5.2 for efficient energy management and increased power saving
- Desktop Power Manager with Cisco EnergyWise certification to control power consumption

LENOVO ENHANCED EXPERIENCE 3 FOR WINDOWS® 7.

Optimizes data security with robust features like:

- Self-encrypting drives that protect data on the hard disk drives in case of loss or theft
- Hardware Password Manager for central security management of self-encrypting drives
- BIOS Port Lock¹ to disable all input and output ports remotely without any additional hardware

Provides superior web conferencing² with:

- Keystroke noise suppression³ and high-quality webcam⁴

¹ Exact ports and features which can be locked vary for ThinkCentre products
² Require ThinkVision LT2323z monitors for Superior Web Conferencing
³ Available on select ThinkCentre models
⁴ Some supporting features not available on ThinkCentre products
* Compared to machines without Lenovo Enhanced Experience 3
** Not available in all regions

ENERGY STAR 5.2 for efficient energy management and increased power saving

SERVICE OFFERINGS

Lenovo offers a comprehensive portfolio of award-winning services to support and protect your ThinkCentre investment. Succeed with substance, and let Lenovo’s Service support you all the way.

- Priority Technical Support**
  Makes your priority, our priority. 24x7 priority call routing to advanced-level technicians, electronic incident tracking, and escalation management services.
- Warranty Upgrades - Onsite and Next Business Day
  Maximizes PC uptime and productivity by providing convenient, fast repair service at your place of business
- Warranty Extensions (1 to 5 Years Total Duration)
  This fixed-term, fixed-cost service helps accurately budget for PC expenses, protect your valuable investment, and potentially lower the cost of ownership over time
- Keep Your Drive
  Retain your drive if it should happen to fail, giving you the peace of mind to know that your valuable data is secure. KYD applies to all drives within multi hard disk/SSD systems.
- Asset Tagging
  Systems come equipped with a professional, flexible asset tag based on your exact specifications. PCs are easily identifiable and trackable right out of the box.
