

Lenovo
Cloud Solutions
for Microsoft 365

Smarter creates a
seamless, productive
work experience -
anytime, anywhere.

What good is a business tool if it negatively impacts your business? Too often, implementing new systems or practices takes a toll on employee and IT productivity. For us, that's unacceptable. That's why we engineered Lenovo Cloud Solutions for M365, to **enhance productivity** across all aspects of your business, not hurt it. With **simplified access to Microsoft cloud tools**, your business will be able to adopt, implement, and maximize its investment—with **real productivity results**.

More output. More collaboration. More productivity. With our solutions, your entire organization benefits by **delivering more of what matters most**. Whether it's end-users or your IT team, the **Lenovo difference is clear**. For employees, Lenovo Cloud Solutions provides instant access to Microsoft 365's modern business tools—so they're able to collaborate, present, and work from anywhere. As for your tech team, they get to say "goodbye" to time-eating management tasks, and "hello" to an extra set of hands thanks to the added support to create users and assign licenses.

**Smarter
technology
for all**

Lenovo

The numbers don't lie.

The data tells us that SMBs across the world want to make the switch to the cloud, especially with the changes that COVID-19 brought about. But, the process of switching to the cloud can present major issues for some businesses.

So, what solution can a business implement that meets the need for productivity, while also eliminating the pains of cloud migration? Lenovo Cloud Solutions is the answer.

of SMBs want to migrate more workloads to the cloud and increase productivity*

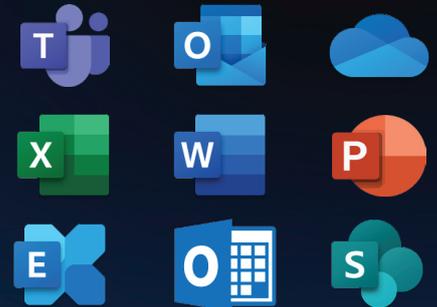

of SMBs note that post-cloud-migration optimization is a major pain point*

The apps you need to do things right...

No two businesses are the same. And the tools that your employees and IT team need to succeed are unique to your goals and challenges.

That's why Microsoft 365 through Lenovo offers a wide array of tools, apps, and benefits that your business and end-users can take advantage of. From the communication and collaboration capabilities of Teams to file sharing and storage of Microsoft OneDrive, and everything in-between, you're able to support your business from anywhere.

... and the Services you need to do the right things.

Your journey into the cloud will bring nothing but rewards. But having Lenovo as your partner will make this journey faster, safer, and without the hassle of increasing the workload of your IT department. Our flexible portfolio allows you to pick the right solution for your business, from migration planning and execution, to license management and end-user support for M365. Have a look at a few benefits of working with Lenovo as your trusted partner:

- Access cloud-based business tools and apps for productivity from anywhere.
- Enable instantaneous connections with Teams and OneDrive for secure collaboration.
- Release your IT team from day-to-day tasks, keeping them focused on the bigger picture.
