Lenovo TruScale simplifies management and powers up IT from end to end

One vendor

Plan, procure, and run your entire IT environment simply, with a single vendor through our global channel network.

IT on demand

Technology for the modern workplace, scaling and continuously optimizing to deliver the performance you need.

Constant ROI

No upfront capital costs for anything and a completely flexible, cloud like consumption model, deployed behind the firewall.

Absolute control

Real-time insights that help drive efficiency, with less time in the weeds and more time for the big picture.

Secure by nature

Lenovo's foundational security approach protects everything, everywhere, all the time.

Let your IT scale with your business

With the new Lenovo TruScale offerings, the entire Lenovo portfolio is available as-a-service, from a single source. Lenovo TruScale simplifies the procurement, deployment and management of modern IT. It gives you the flexibility, security and control you need to deliver the performance and capabilities that drive growth and competitive advantage.
