

# ThinkBook Plus

Modernize Multitasking

## WHAT IS THINKBOOK PLUS

ThinkBook Plus features a 10.8-inch e-ink display on the A-cover and 13.3-inch FHD main display. The e-ink screen can be used create illustrations and diagrams with the integrated Lenovo Precision Pen and receive notifications from Outlook even when the lid is closed.

## WHO IT IS FOR

Nearly 60 percent of today's workforce are millennials and Gen Z, and these digital native users multitask across multiple devices.

## WHY IT WAS CREATED

ThinkBook Plus is specifically designed to help users be more productive when multitasking by improving focus, collaboration and creativity.

### MULTITASKING IS ENHANCED BY ALLOWING USERS TO GROUP ACTIVITIES

#### (1) COLLABORATE

- **Alerts:** Stay focused by receiving only essential notifications on the cover display.
- **Notes:** Take notes instantly on the cover display using the digital pen, and sync with OneNote
- **Calls:** Listen and be heard clearly with Harman speakers and certified mics. Join calls quickly with meeting hotkeys.

#### (2) CREATE

- **Sketch.** Create illustrations and diagrams on the cover screen with the included digital pen.
- **Personalize** the second screen with any picture, drawing or message
- **Secure** everything a fingerprint reader integrated into the power button and TPM chip.

#### (3) REVIEW

- **Read & Annotate.** Review documents using the cover display which supports annotation with the pen.
- **Powerful Editing** of spreadsheets, documents and graphics on the main display, enabled by powerful 10th Gen Intel processors and fast SSD storage.

#### (4) RESPOND

- **Fast Access.** just like a smartphone the fingerprint reader is also the power button — authenticating the user and booting or waking the device at the same time.
- **Synched Up.** Receive emails and updates even while the lid is closed with Modern Standby.
