

powered for possibilities.

Introducing the 300e Chromebook, an interactive learning experience.

When it comes to versatility in the classroom, the 300e Chromebook passes the test. With its 10 pt. multi-touch display, the 300e is a true hands-on learning device. Not only can students use the touch screen to take tests, draw and play games, they can also maneuver it in to four different positions—making it the ideal tool for lesson planning, note-taking and engaging with all your favorite education apps. Plus, with Google Classroom and G Suite for Education, the 300e is optimized for classroom collaboration. All that flexibility combined with the simple set-up and security of Chrome Education software makes the 300e built to rule any school.

A Touch Above The Rest

Built with a 11.6" HD 10pt multi-touch display, the 300e provides students and teachers with the flexibility and usability to interact in or outside the classroom. Its 360° Yoga Hinge bends into four different modes, making the 300e perfect for drawing, playing games, taking tests, and many other touch-based applications designed for hands-on learning.

Durability Done Right

The 300e sports a sleek, non-slip texture, making it easy to hold onto. Designed for education, it's tough enough to withstand drops up to 75cm. Plus, the keyboard not only features mechanically anchored keys, but a water-resistant design. Pair all that with the rugged, reinforced flexibility of a 360° Yoga hinge, and you've got a machine built to withstand even the most chaotic classrooms.

Classroom Compatible

Built for performance and productivity, the 300e is powered by a Quad-Core ARM processor which runs education apps like Alma, Activity Learn, GeoGebra, and more. The 300e is perfect for sharing across students. With Google ID students can securely log in and out of their personal interface and access assignments on the cloud from any device. Equipped with G Suite for Education and Google Classroom, the 300e makes collaboration and classroom control an easy A.

The Total Learning Tool

Lightweight (3 lbs) and designed to power through an entire school day, (holds up to 10-hours of battery life*) the 300e is an all-access pass to interactive education. In addition to its 10-finger touch capabilities, the 300e has a Front-Facing Camera – perfect for capturing photos or collaborating on projects. Plus, it is built for performance and productivity as it comes equipped with ports for USB-C, USB 3.0, HDMI, etc. making it easy to share files and project presentations.

300e Chromebook

Lenovo™

Specifications

Performance

Processor	MediaTek MTK 8173C
Operating System	Chrome OS™
Graphics	MediaTek Integrated graphics

Kensington lock slot

Lenovo Offerings & Services

Chrome Education license

Chrome Education license enables IT administrators to manage a few or a fleet of Chrome devices within a centralized, easy and intuitive software interface. Lenovo makes it easy to acquire as an OEM authorized reseller of Chrome Education license.

Warranty upgrades - onsite and next business day

Maximize PC uptime and productivity by providing convenient, fast, repair service at your organization.

Warranty extensions (1-3 years total duration)

This fixed-term, fixed-cost service helps accurately budget for Chromebook expenses, protects your valuable investment and lowers the cost of ownership over time.

Accidental damage protection

Avoid the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops, or screen damage.

G Suite for Education

Easy access to Google's G Suite family of apps keeps everything under one roof and free of software licensing fees. Simple cloud management and 24/7 support make Chromebooks easily scalable to any size classrooms, big or small.
