Lenovo Tablet 10

FOR SECURE, RELIABLE AND VERSATILE COMPUTING

Most businesses today have areas of their business that can benefit from a tablet, and prefer the most trustworthy brands that provide the best warranties. The Lenovo Tablet 10 is a perfect fit for such a requirement.

Productive Performance: Powered by the latest gen Intel processors and power efficient eMMC storage, can run multiple business applications without any lags. With integrated Active Pen, customer engagements become easier. Additional Wake-on-LAN enables remote troubleshooting, saving time and improving efficiency.

Compact and Sturdy: The Tablet 10 can transform into a full computing device with its optional keyboard and USB-C dock. Tested for reliability and built with quality components, this tablet endures day-to-day stress. We also offer IP-certified cases for additional protection.

Secure: Security is priority on the Tablet 10. Discrete TPM (dTPM), Windows 10 Bitlocker, match-on-host touch fingerprint reader and Windows 'hello' access help encrypt user passwords and prevents hacking.
