All-Purpose Performance Laptops

Lenovo ThinkPad® laptops deliver nonstop productivity and reliable features that keep you ready for any task, anywhere. Combined with Windows 10, Lenovo's all-purpose laptops provide a thoughtful design and feature set as well as military-grade durability to help you meet the strictest computing challenges.

Tablet Convenience, PC Experience

ThinkPad tablets unite full-sized performance, comprehensive functionality, and true mobility to redefine 24/7 computing. Windows 10 was built to help users do more with confidence. ThinkPad tablets deliver that same flexibility and dependability to help you create and collaborate on your own terms.

Powerful and Reliable, Anywhere

Setting a new standard for meeting your most compute-intensive workloads, Lenovo's mobile workstations bring heavy-duty horsepower to a light form factor. Experience the intuitive usability of Windows 10, with the tools and services you need to plug into high performance computing solutions. From big data to design, ThinkPad keeps you prepared.

Full Power in a Space-Saving Package

Lenovo's ThinkCentre® all-in-one desktop solutions combine Intel® processor performance and the power of touch in a sleek, elegant package. With the easy familiarity of Windows 10, the clean all-in-one design offers an engaging, collaborating experience while conserving valuable desk space.

Lenovo and Windows 10:
change you can build on

- Microsoft incorporated over 200,000 pieces of feedback from users into Windows 10, helping the OS break new ground while remaining familiar.
- Lenovo products with Windows 10 are built with the same relentless focus on continuous quality improvement.
