## Lenovo Services

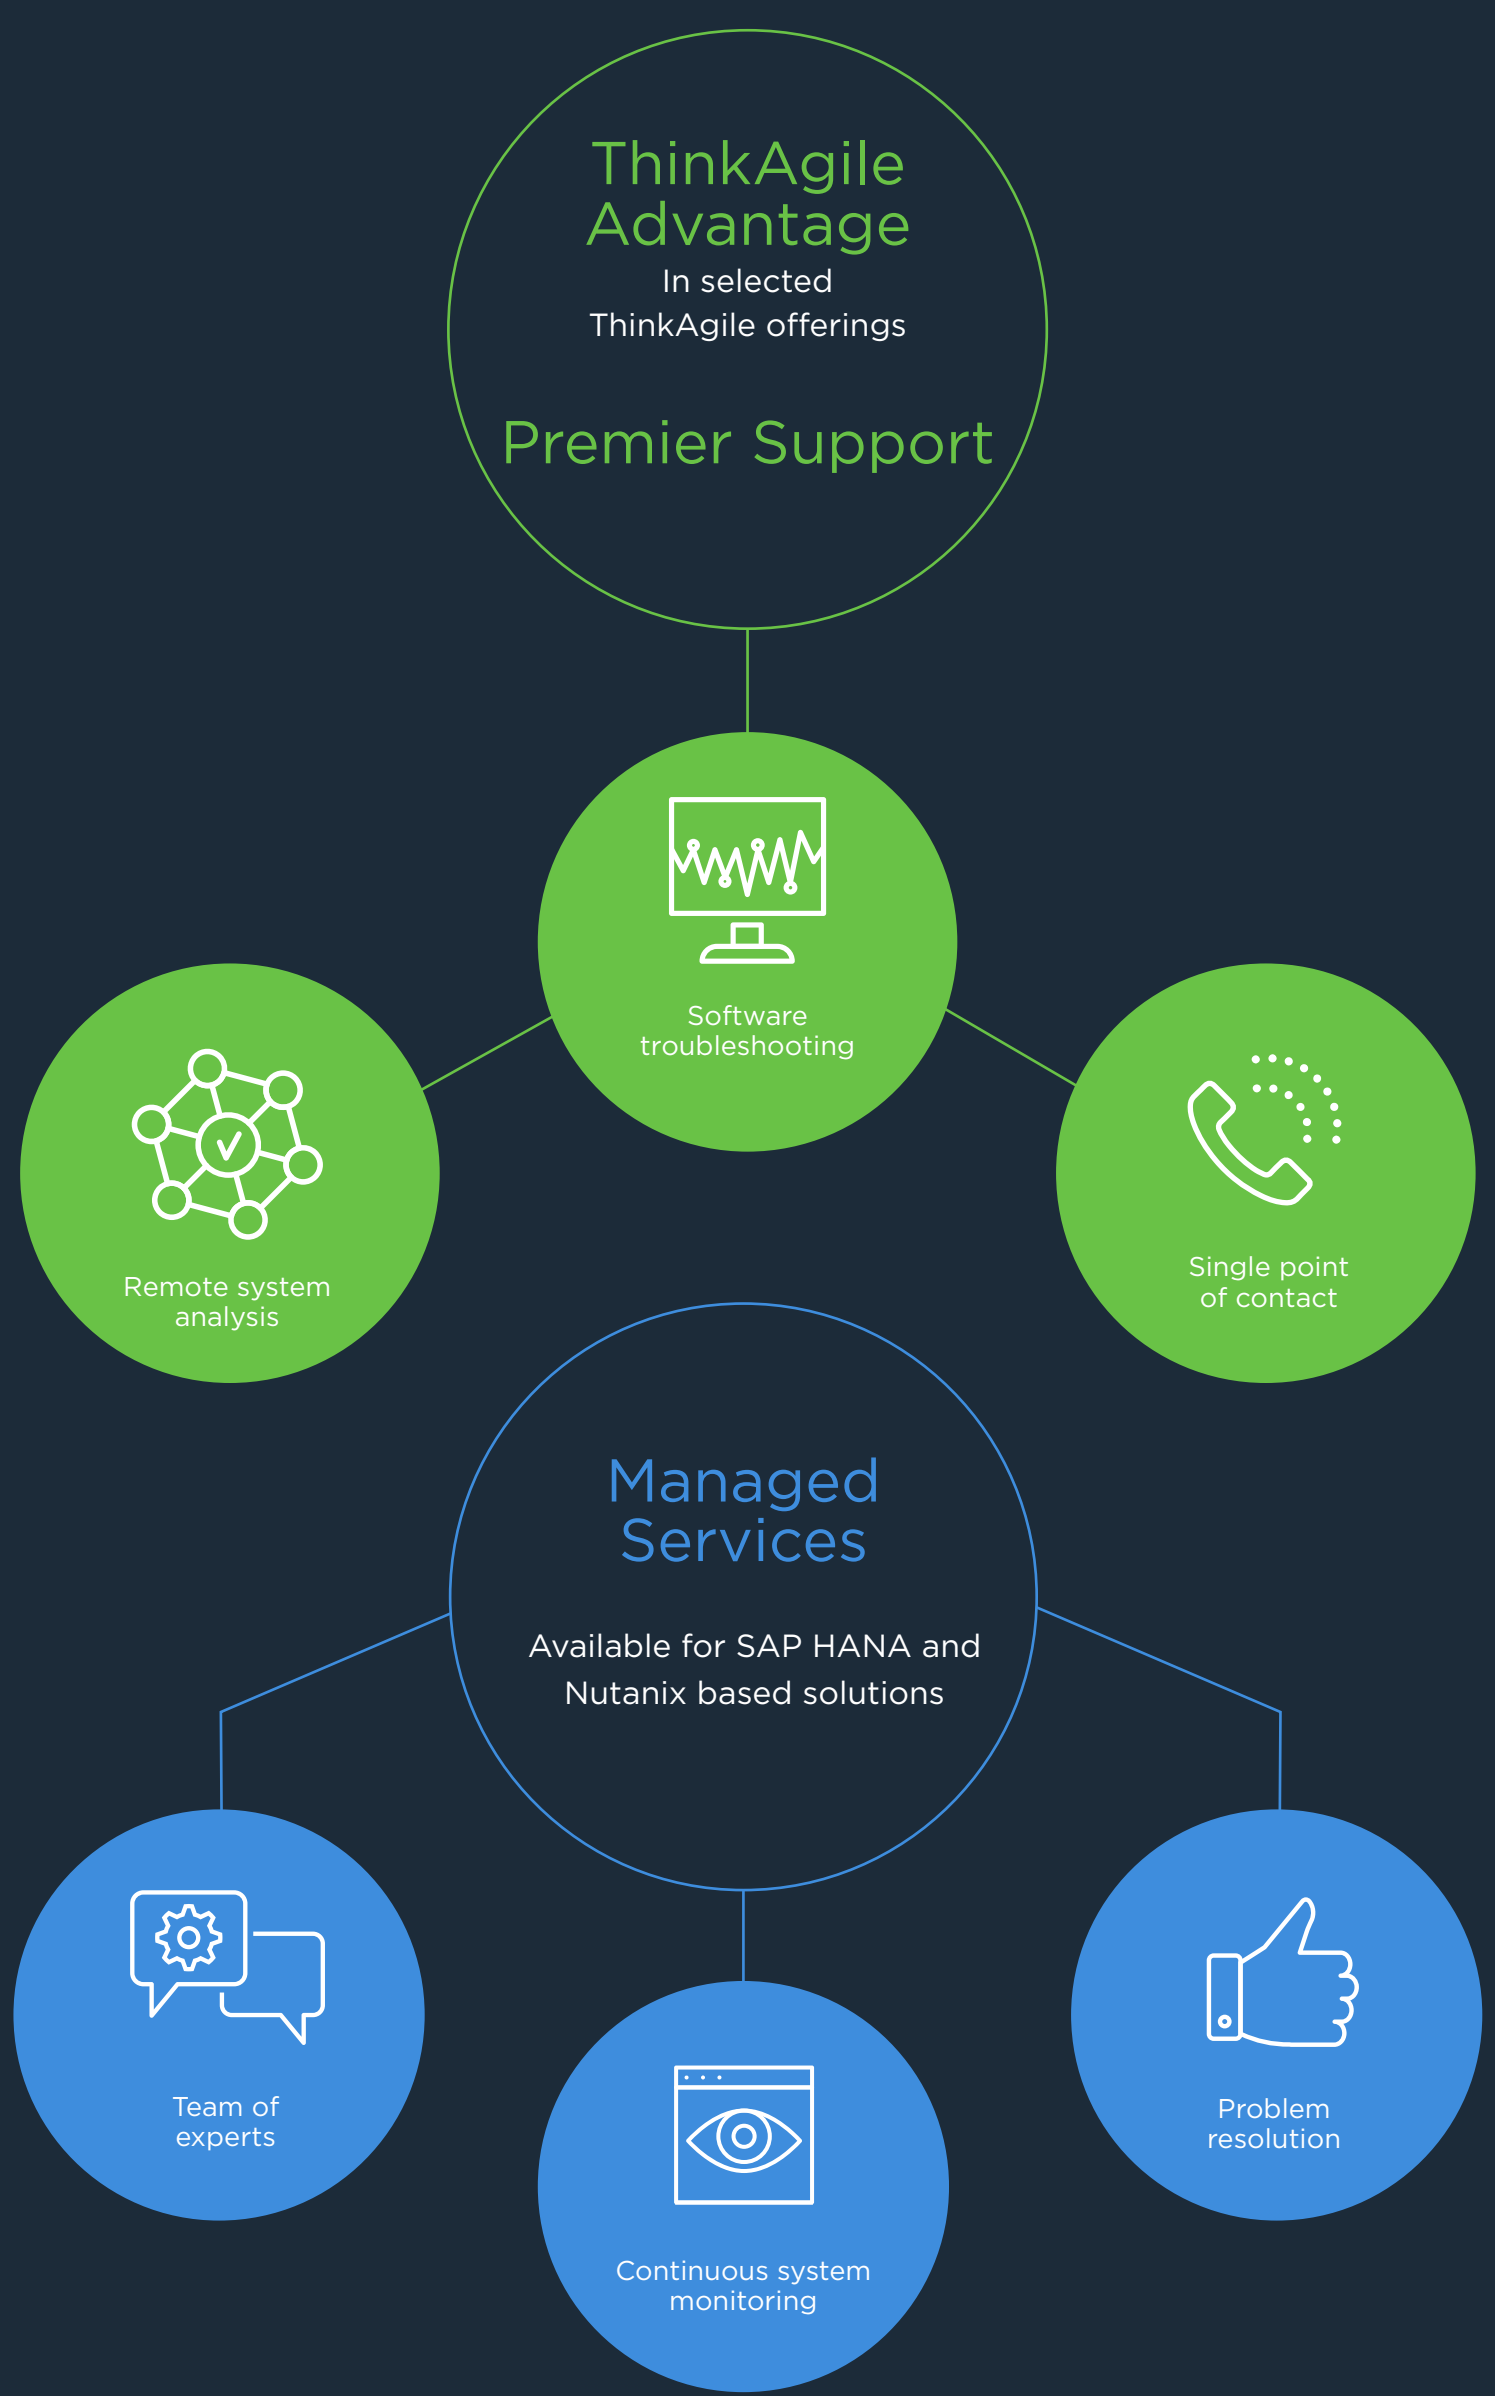

Constantly dealing with new technologies, new workloads, and new computing models in your data center can present a challenge.

**ThinkAgile ThinkSystem**

We're here to help. Lenovo services provide you with support throughout the complete IT lifecycle, and they're available for both ThinkAgile SX for Nutanix and SAP HANA environments running on Lenovo ThinkSystem servers.

### Our support services offer

- 24/7 support
- Assurance of smooth data center operations
- One-stop problem determination and resolution
- Peace of mind
